PROJECT NOTE

1. Background & Need

Kappattagudda Wildlife Sanctuary, located in Gadag District, is ecologically sensitive and home to rich biodiversity, including medicinal plants and endemic wildlife. With increasing tourist inflow, vehicular movement, and human disturbances, there is a need to establish a check post at a prime strategic location for effective:

- Wildlife protection & anti-poaching control
- Monitoring of visitor entry/exit
- Prevention of illegal activities (timber, fuelwood, grazing, sand/mine transport, etc.)
- Strengthening ecotourism management

2. Objective

- To establish a permanent check post for wildlife protection and visitor regulation.
- To ensure continuous monitoring of vehicular and tourist entry.
- To enhance forest security and reduce illegal activities inside the sanctuary.

3. Output (Activities & Quantity)

- Construction of Check Post Structure (1 No.)
- Room for Staff (with seating, rest shed & watch tower provision) – 1 Unit
- Signage & Display Boards – 2 Nos.
- Barrier/Gate for Vehicle Regulation – 1 No.
- Drinking water & solar lighting facility – 1 Set
- Furniture (table, chairs, register desk) – 1 Set

4. Justification / Essentiality

- Prime areas of Kappattagudda WLS are prone to poaching, fuelwood collection, and habitat degradation.
- Tourist entry needs proper monitoring and awareness dissemination.
- A check post will act as a permanent base for frontline staff ensuring effective protection.
- Aligns with Wildlife Management Plan & CSR focus on environmental protection and sustainability.

5. Expected Outcomes (Measurable)

- Improved wildlife protection & reduction in illegal activities.
- Regulated tourist entry with proper monitoring system.
- Enhanced visitor awareness and ecotourism support.

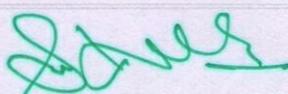

6. Appeal for CSR Support

We request CSR funding support for the **construction of this check post** in Kappattagudda Wildlife Sanctuary. This facility will serve as a **critical protection and monitoring unit**, ensuring long-term biodiversity conservation, eco-tourism regulation, and safety for wildlife as well as visitors.
